He is the gentleman who brought from Wellsville, O., the last time he was here an alleged dynamite bomb, which was turned over to the police and proved to be stuffed with sand and corked with soap. Judging from the notices Miss Crowell is receiving, Mr. O'Brien has a good star to boom tais trip.

THE LOAN ORDINANCE

The Main Street Bridge and Caldwell's Run

ARE THE PRINCIPAL TOPICS

Which Consume the Time of the Oity Council.—The Police and Fire Board to be Abolished.

Interesting Discussions.

Council met in regular session last evening, and for over three hours made things very interesting. There was a large attendance of members, the only absentees being Messrs. Haller and Polock, of the First, and Kenney, of the Second Branch. The principal feature of the evening, in both branches, was the discussion and action taken on the proposed loan ordinance, intended to provide funds for the rebuilding of a permanent bridge over the creek at Main street, the straightening of Caldwell's run and the replacing of the Seventeenth street bridge with a safe structure. This ordinance was passed by the Second Branch was called to order at 7:45.0 clock.

A license to keep a saloon at No. 1922 Markst. This is the stand formerly occupied by Min as sureties. This is the stand formerly occupied by Market to 1147 Market street, and Michael O'Keefe was granted permission to change the office the Middona. Jacob Nunge was granted permission to change the Michael O'Keefe was granted permission to change the O'Keefe was granted permission to change the Middona. Jacob Nunge was granted permission to change the Middona. Jacob Nunge was granted permission to the same the Michael O'Keefe was granted permission to change the Middona. Jacob Nunge was granted permission to change the O'Keefe was granted permission to change the O'Keefe was granted permission to change the Middona. Jacob Nunge was granted permission to change the Michael O'Keefe was granted permission to change the O'Keefe was granted permission to change the Michael O'Keefe passed by the Second Branch at an adourned meeting, on Thursday night last, but the First Branch failed to have a uorum that night. As passed by the second, the loan was to be at 5 per cent for \$110,000-\$75,000 for the Main street bridge, \$25,000 for Caldwell's run and \$10,000 for the Seventeenth street bridge.

Last night after the opening exercises in the Second Branch, President Gruse laid before the body a communication he had received from Solicitor White, from which the following is an extract.

THE SOLICITOR'S VIEWS.

which the following is an extract,
"You inform me that the First Branch of Council did not covere at the time of the passave by the Second Branch of the ordinance in regard to the branch of the continuous terms and also that regard to the warm of the continuous terms and also that the council of the counc

The rules were accordingly suspended and a fresh start had on this vexed question. Mr. Harrell renewed his objections to a stone bridge across the creek at Main street, and asked pernjasion to bring City Engineer Hoge before the Branch and ask him some questions, which was granted. The substance of what Mr. Hoge said was that he had been engaged making some careful, estimates, the results of which showed that a stone bridge the full width of the street, such as many advocated, would cost \$20,000; one lorty feet in width would cost \$20,000. An iron bridge of 190 feet span, with a thirty-foot roadway, two seven-foot sidewalks, with a factor of safety of five, and capable of sustaining two seven-foot sidewalks, with a factor of safety of five, and capable of sustaining 100 pounds to the square foot, would cost \$14,400. The abutments of this superstructure he had estimated would cost \$16,000—they might cost considerably less, or a little more, according to the nature of the soil, which he had not been able to definitely ascertain—making the total cost of the bridge \$30,400. A steel bridge would cost about \$5,000 more. THE PROPLE'S SUPPOSED IDEAS.

These remarks of Mr. Hoge's caused quite a sensation, and practically knocked the stone advocates out of the ring. Mr. Maxwell thought the Council was not entirely clear as to what the citizens really desired, and proposed that the matter be referred to a special committee of eight, three from the First and five from the Second, one to be from each to take a concensus of opinion in their respective wards, as to what kind of a bridge is desired. This did not, how-ever, meet with favor. Mr. Harrell said he thought it was pretty well ever, meet with layor. Air. Harrell said be thought it was pretty well settled that what the people wanted was a good substantial bridge, and not one the interest on cost of which would in eight years net a sum sufficient to build a good iron bridge that would last for years.

Pension Case Put on Trial.

In the United States Court yesterday forenoon the case of Dr. J. W. McCoy, indicted for retaining an illegal fee in a ension case and opening mail not in tended for him, was put on trial. The jury was impaneled and the roll of witnesses called, when it was developed that Mrs. Mollie Rheineki, a witness for the prosecution, was not present. The Government was unwilling to proceed withouther. Inquiry developed that she was ill and court adjourned till 2 p. m. Dr. J. C. Hupp being in the meantime requested to visit and examine the woman and report if she was able to attend. In the afternoon Dr. Hupp re-ported that Mrs. Rheineki was really Finance.

The Board of Public Works reported that \$150 was due the Hubbard estate for six months rent of the lot at the corner of Main and Sixteenth streets occurred. pled by the north approach to the tem-porary Main street bridge. It was or-dered paid.

ported that Mrs. Rheineki was really too ill to attend, and the case was put over with an agreement that her testimony be taken at her house at 1 p. m. Her deposition was taken at that time, the Government being represented by General Watts and the defense by Messrs. W. H. Hearne and Alfred Caldwell.

The case of Fred Moder, indicted for illegal voting, was then tried to a jury. Moder lives in North Wheeling and is employed at the glass works there. In January, 1888, he went to Vineland, N. J., taking his family and a part of his household furniture, with the intention of residing there if the place suited his family. It did not suit them, and they returned here in about seven weeks, he never having surrendered his residence here.

THE WOODEN BRIDGE.

THE NATURAL GAS SUITS.

To the Council of the City of Wheeling

here.

Messrs. Dovener and Atkinson conducted the defense. The trial of the case occupied about one hour and the jury after being out about ten minutes returned a verdict of not guilty.

The case of Mr. Douglass, also indicted for illegal voting, was called, but the Government was not ready. Court meets again this morning. The McCoy case will probably occupy all day.

The Wooden bridge,

The Board reported further, that the contract price of the temporary Main street bridge was \$4.990, and that \$190 was due T. R. Kennedy for services as superintendent. These amounts were ordered paid, and the bridge will probably be thrown open to travel to-day.

Mr. Davison offered a resolution prohibiting the street car company from laying rails across the temporary bridge, which was rejected.

The Committee on Claims reported the results of its investigations as to who was entitled to the reward of \$1,000 offered by the city for the apprehension and conviction of Policeman Joe Glenn's murderers, as follows: That J. W. Keller & Co., the Newark pawn-brokers, and Moore, the jailer at Newark, are not entitled to any of the money; that the reward should be apportioned as follows: J. F. Meredith, the Newark policeman, \$300; George W. McFarland and Eli Davis, both of Newark, \$200 cach; ex-Sheriff Handlan and ex-Chief of Police Smith, \$100 each; H. J. Rickenbaugh, Chief of Police of Newark, \$300. Glork Thoner was ordered to see that these amounts were paid.

The NATURAL GAS SUITS. A Prominent Insurance Man Coming.

Mr. Sheppard Hormáns, of New York, the celebrated life insurance actuary, author of "The American Experience Table of Mortality," the basis of nearly every life insurance rate and adopted by nearly every State in the Union as the basis of every life insurance calculation and value, also author of "The Contribution Plan" of declaring dividends practiced by all companies, which when introduced worked an entire revolution in the methods, which were unfair and unjust, will soon visit Wheeling. For sixteen years Mr. Hormans was actuary of the largest life insurance company in the world, the Mutal Life, of New York, and to him probably more than any other man living does it owe its prominence and standing. His ability is recognized throughout the whole world and in this country his name has become a household word wherever life insurance is known or talked of.

Mr. Hormans will spend the day Friday next at the McLurs House or the A Prominent Insurance Man Coming The following communication was received from Solicitor White: ceived from Solicitor White:

At the last meeting of Council there was referred to me a communication from William H. Hearne and George B. Caldwell, counsel for the Natural Gas a company of west Virginia, in relation to the litigation now pending in the Circuit Court of the United States for the District of West Virginia between said gas company and the city. Since the last meeting of Council twent to Pittsburgh, and spent two full days at the taking of the depositions of witnesses on behalf of the great council. The writesses festions of witnesses on behalf of the great council west to Pittsburgh, and spent two full days at the taking of the depositions of witnesses on behalf of the great council. The writesses festions with the supplementary of the great council to the grea

insurance is known or falked of.

Mr. Hormans will spend the day Friday next at the McLure House or the office of the Wheeling Insurance and Bond Agency and in the evening will be given a reception and banquet at the McLure House, at which a large number of prominent business and professional men have been invited to meet him.

prints, that a successful or supply would be a supply and customs that there was not much difference, our way or the other, between the prices paid in Pittaburgh and Allegheny, and those now charged by the plaintiff company to consumers in Wheeling.

Whilst I am strongly inclined to the opinion that Cauncil had the power to pass the ordinance commonly known as "The Assict Ordinance," and am further strongly of poinion that the Circuit Court of a shown by the bill of complaint, to great an injunction restricting the enforcement of that ordinance, still, I think It should not be overlooked that this littgation, if carried on, must has a long time and at considerable cost to the city, especially if carried to the Supreme Court of the United States, as it most likely must be, in order for a satisfactory disposition of the legal questions involved.

Under these circumstances, especially when the that would tast for years.

AN HRON BRIDGE.

Mr. Hoge produced photographs of an iron bridge such as he had estimated on. They showed a very handsome structure and were viewed with great interfect that the litting atton, it carried one is suppressed to make he had similarly the full corresponding to the structure and were viewed with great interfect of the suppress country and were viewed with great interfect of the suppress country and were viewed with great interfect of the suppress country and the bridge be of steel. Mr. Harrell amended by making it of fron, which was lost by a yot of 12 to 12. Mr. Robrecht an reconsideration was had and "fron' as ubstituted. This was brought about by Mr. Harrell, who gave Mr. Hoge of pilon that steel, owing to the peculiar supplier conditions of the atmosphere was more liable to corrosion.

As finally passed by the supplier of the atmosphere will be supplied the supplier of t

Makes the lives of many, people miserable, and often leads to self-destruction. Distress after cating, sour stomach, sick headsche, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are Distress some of the more common symptoms. Dyspepsia does not get well of itself. It requires earreit, persistent attention, and a remody like Hood's Sarsaparilla, which acts gently, yet surely and efficiently. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and by thus slock corns removes the sympa-Hoadache thetic effects of the disease, banishes the headache, and refreahes the tired mind. "I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me burn after eating I would experience a faintness, or tired, all-gons feeling, as though I had not eaten anything. My trouble, I think, was aggravated by my business, which is that of a painter, and from being

as though I had not eaten anything. My trotble, I think, was aggravated by my business,
which is that of a painter, and from being
more or less shut up in a
room with fresh paint. Last
spring I took Hood's Sarsatilla-took three bottles. It did me an
immense amount of good. It gave me an
appetite, and my food relished and satisfied
the craving I had previously experienced."
Gronge A. Fage, Watertown, Make.

Torturing, Disfiguring Skin Diseases

Wonderful Cure of Salt Rheim. Face, hands, and arms covered. Hands useless for two years, Doctors said case was incurable. Cured by Cuticurs.

I have had a most wonderful cure of salt rheum. For five years I have suffered with this disease. I had it on my face, arms, and hands. I was unable to do snything whatever with my hands for over two years. I tried hundreds of remodies, and not one had the heast effect. The doctor salt my case was incurable. I saw your advertisement, and concluded it ory the Curreuma Ruszubra; and incredible as it may seem, after using one box of Curreura, and two others and two bottles of Curreura Ruszubra; and at whether the control of the curreura seems and two tottles of Curreura Ruszubra; and two full my come and see me and and out for themselves. GRACK P. HARKHAM.

North St. Charles Street, Belle River, Ont. A minister and the fills boy cured of an obstinate Skin disease by the Cotteurs Remedies. Praises them everywhere—in the pulpit, home, and in the street. For about thirten years I have been troubled with examp or some other cutaneous disease which all remedies falled to cure. Hearing of the Curr. Cura. REMEDIES I resolved to give them a trail and purchased one bottle of Curr. Cura REMEDIES I. CURA REMEDIES a reserved to pro finan a tra-and purchased one bottle of CUTICUR INSERTED one box of CUTICURA, and one cake CUTICUR BOAD. I followed the directions carefully and affords me much pleasure to say that before usin two boxes of the CUTICURA, four cakes of CUTICURA. CURA SOAP, and one bottle of Curreuna In-

CERA SOAP, and one bottle of CUTTCHA (IRSOLT, ENT, I was entirely cured.

In addition to my own case, my baby boy, then about five months old, was suffering with what I supposed to be the same disease as mine to such an extent that his bead was constant flow of pus which was sickening to look upon, besides two large tumor-like kernels on the back of his head. Thanks to you and your wonderful CUTTCHA, REMIDIES his scalp is perfectly well, and the left nels have been scattered so that there is only one hittle place by his foff ear, and that is hading nicely, a Instead of a coating of scales he has a fine coat of half, much better than that which was deserved by the disease. I would that the whole world of sufferers from skin and blood disease knew the value of your CUTTCHA REMIDIES as to. North St. Charles street, Jordan Company of the control to you the thanks of one of my customers, who has been cured, by using the Currcuna Rameding, of an old sore, caused by a long spell of schness or fever eight years ago. He was so bad he was fearful he would have to have his leg amputated, but is happy to say he is now entirely well,—sound as a dollar. He requests me to use his name, which is H. H. Cason, merchant of this place. JOHN V. MINOR, Druggist, Gainsbore, Tenn. I have been troubled with tetter on my face for several years, and doctored with several doctors, but received no benefit. I used your CUTICURA REMEDIES last spring according to directions, and can now say that I am entirely cured. I am estis-fied your CUTICURA REMEDIES are just what you recommend them to be.

The CUTICURA SOAP and CUTICURA RESOLVENT CUTTCURA SCAP. I would be inhuman as well a ungrateful should I fail to speak well of and recor mend your Cottcura REMEDIES to every suffere who came it my reach. I have spaken of it, an shall continue to speak of it from the pulpit, but homes, and in the streets. Praying that you ma live long, and do others the same amount of goo you have done me and my child, I remain, your

Cured by

To cleanse the skin, scalp, and blood of humors, blotches, eruptione, sorce, scales, and cruste, whether simple, serofulous, or contagious, no agency in the world of medicinus is so speedy, sure, and economical as the Curtucura Remember. Curtucura, the great skin end cap of every trace of disease, heads ulcers and sorce, romoves cruste and scales, and rectores the hair. Curtura Soar, the greatest of sin beautifiers, is indispensable in treating skin diseases and taby humors. It produces the whites, clearest skin and softes hands, free from pimple,
